1	Sub Assistant Surgeon on Rs 75 plus 10 per month	1,140 per year
2	2Sanitary Inspectors on Rs 50/- plus 10 per month	1,440 "
3	6 men on Rs 20/- each per mensem	1,440 "
4	A lump sum provision of Rs 100/- per mensem for the purchase of Kerosene Oil, Paris Green, etc	1,200
	Total	5,220

Proceedings of the Council Meeting held on 6th April 1929

12. To consider letter No T 134 dated 21st January 29, from Dr W C Sweet, Director of Health Survey in Mysore, as regards Council resolution of 12 th January 1929, stating that enough work has already been done as regards a survey of the City for Anti-Malaria and that the proposed staff of one Sub Assistant Surgeon, 2 Sanitary Inspectors, and Six less expensive men who could be trained in Malaria inspection routine may be sanctioned for a period of one year at least

Resolution :--- After explaining the desirability of taking advantage of the services and advice of such an experienced and capable Officer of the standing of Dr W C Sweet Dr C B Rama Rao proposed and Mr M Royan seconded that the Council do sanction for a period of one year for the present, the establishment required by Dr W C Sweet for anti-malaria work at a cost of Rs 5,220/- per year as detailed below and that provision be made therefor in the ensuing year's budget

(1)	1 Sub Assistant Surgeon on Rs 75 plus Rs 20 per mensem	Rs 1,140 per year
(2)	2 Sanitary Inspectors on Rs 50/- plus " 10 per mensem	Rs 1,440 Do
(3)	6 men on Rs 20/- each per mensem	Rs 1,440 Do
(4)	A lump sum provision of Rs 100/- per mensem for 1 year for the purchase of Kerosine Oil, Paris Green and other requisites	Rs 1,200

The proposition was put to vote and carried

Sir,

As desired in your letter No L 7374/M1 267-2-2 dated 8th May 1929, I have the honor to forward herewith a copy of Dr Sweet's D O letter dated 9th August, proposing a special staff for anti-Malaria work in Bangalore City

I have the honour to be,
Sir,
Your most obedient servant-

PRESIDENT

SM

Copy of letter No D O T dated 9th August 1928 from Dr W C Sweet, Director of Health Survey in Mysore, Bangalore, to the Health Officer, Bangalore City

---

In the course of training the staff of the Health Survey Office in the routine of anti-Malaria work, we have -- gathered considerable information as to the extent and cause of Malaria in Bangalore City The work has led me to believe that Malaria here could be at least considerably reduced by a comparatively small expenditure of time and money

The budget under which malaria work contemplated in the State will be carried out, does not permit of this Office furnishing either staff or money to be used in Bangalore City Any work which is done here, then will have to be staffed -- and financed by the City authorities I will be very glad, however, to give any training and supervision that may be necessary and for which I can find the time

For anti-malaria work in a City it is always best to -- have a special staff whose sole duties, at least at the beginning, will be in this connection Other schemes using only a part time staff who have numerous other duties have usually led to disappointment Such a staff should be an integral -- part of Your Health Department, of course, and should be in addition to staff which you now have

It seems probable that an adequate staff to make a beginning on anti-malaria work would consist of (1), a sub-assistant surgeon as Assistant Health Officer in charge of Anti Malaria work, (2) two fully qualified, Senior Sanitary Inspectors, (3) six less expensive men who could be trained in -- malaria inspection routine

The matter of suitable salaries for these men is left to you as you know the conditions of City employment in such -- work

---
